Celebrating Ten Years

2024 is a milestone year for us already, in February we celebrated our tenth birthday as a security firm.

Celebrating ten years is a testament to our unwavering commitment to safeguarding our clients and their assets.

This milestone is a reflection of our steadfast commitment to safety, reliability, and cutting-edge solutions.

Over the years, we have built a reputation for excellence by continuously adapting to emerging threats and advancing our technologies.

Our journey has been fuelled by the trust of our customers and the unwavering dedication of our team.

To celebrate we held a small party at our main office, where our employees shared food and cake.

As we commemorate this significant anniversary, we are excited to continue our mission of providing unparalleled security services and look forward to the opportunities and challenges the future holds.

New YouTube Milestone

In March, our YouTube channel hit over 2,000 subscribers. We are deeply grateful to everyone who watches our videos and for their continued support, feedback, and encouragement. To celebrate this milestone, our team is already planning out new videos to help grow our community.

Take To The Skies

In March, we were the The Havens headline sponsor for their event *"Take To The Skies"*, which was a 14,000ft freefall charity skydiving event. The Haven is a local Wolverhampton charity that provides support for women and children who have suffered abuse, domestic violence, and homelessness.

As a Wolverhampton-based business, we love supporting local charities near us. We look forward to working with The Haven and other charities in the future!

New Members To Our Team

In the last few months, we've had a few new members joining the Region Security Guarding team. Nyah and Naima have joined our digital marketing team. Chet joined as our Senior Business Development Manager. While Jas became our new business admin. We hope they enjoy working with us.

Get In Touch

Want to learn more about what we do - why not get in touch with us today? We can easily be contacted by phone, email, or live chat on our website.
